

**California Community Opportunities – Family Teaching Couple Interest Survey**

- 8) Please identify together which person is most likely to do the following tasks with A being person A (Name \_\_\_\_\_), B being person B (Name: \_\_\_\_\_) and C being shared.

- \_\_\_\_\_ Grocery shopping
- \_\_\_\_\_ Budget oversight (paying bills, balancing checkbooks, preparing budgets, etc.)
- \_\_\_\_\_ Cooking the meals
- \_\_\_\_\_ Assisting the individuals with their hygiene routines
- \_\_\_\_\_ Assisting the children with their hygiene routines
- \_\_\_\_\_ Home maintenance (cleaning house, laundry, etc.)
- \_\_\_\_\_ Vehicle maintenance (cleaning the vehicle, scheduling maintenance, etc.)
- \_\_\_\_\_ Oversight of paperwork tasks (checking time card reports, filling out logs, etc.)
- \_\_\_\_\_ Attending medical appointments
- \_\_\_\_\_ Attending meetings

- 9) Describe a normal day for both of you.

- 10) California Community Opportunities requires that the men and women we serve receive 24 hour a day supervision. The family teaching position requires that each party of the couple work 4-5 days, 55 hours a week. They are also on-call for their home on the days they are off, unless on an approved vacation. How would you respond to a last minute call from your support teaching staff that they will be unable to work on the days you are scheduled to be off?

- 11) You are at the grocery store with Susie who is on an 1800 calorie diet. Susie wants to purchase 10 candy bars. Any attempts you have made to redirect Susie from the candy bars have not worked. She is getting upset and is beginning to cause a scene. What would you do?

- 12) You, your children and the individuals are getting in the van to go on a picnic lunch at the park. Your five year old is climbing in when one of the individuals shoves the child because she was not moving fast enough. The child's knee is badly scraped & bruised. How would you handle this situation?
